PREVIEW PRICING

Hair preview £100 Makeup preview £125 Hair and Makeup preview £200

Your preview is the perfect opportunity for us to explore your bridal look, discuss ideas and make sure everything feels just right ahead of your wedding day,

I'll take into account your skin, features, dress and overall wedding style to create a makeup look that works for you. I will ask questions about what makeup you usually wear and what products you like to help gain a picture of what your style is to create something that feels like yourself as much as possible. We will take time to go through every detail and make any adjustments so that you are completely happy with your bridal look.

At your hair preview I'll consider your hair type, length and texture when creating your hair style. We will explore different ideas that are suited to you and I will guide you with my knowledge around styles that can work with your hair. We can explore hair accessories and veil placement so that you can see a full look that you have envisioned for your wedding day.

Previews are scheduled for 1 hour 30 minutes per hair or makeup. This allows us to talk through and make amendments so that your hair and makeup looks exactly how you've dreamed of for your special day.

I recommend arranging your preview 2-3 months before you wedding date. This gives us the opportunity to finalise your bridal look closer to the date. This is so that your hair length, colour and skin condition are likely to reflect how they will be on the wedding day,

Previews take place at my home studio in Leighton Buzzard however I can be mobile if discussed.

Previews can only be booked in once your non refundable booking fee has been secured.

You will be provided with preperation information before your preview.

Frequently asked questions

How far in advance should I book?

I recommend to book as early as possible, particularly if you're getting married on a popular date or during April - October. My diary opens a year in advance and dates are secure on a first come first serve basis.

Do you travel to the venue?

Yes, I travel to your chosen getting ready location on the morning whether that is your venue, a hotel or your home. Travel is calculated at 55p per mile after a 10 mile radius on my home studio.

Can I change my look after the preview?

Of course, your preview is never final and is there to explore your chosen look and make any adjustments along the way. If you have a change of heart afterwards or would like to try something different, just let me know and we can discuss an extra preview. I am here to talk through any changes ahead of the wedding day and make sure we're both happy with the final look.

What happens if timings change?

I understand that wedding plans may change and sometimes timings or locations need an adjustment. If anything changes let me know as soon as possible and we can make the necessary changes. I will always do my best to accommodate changes with no extra fees.
